

SLY- 1000

ประตูอัตโนมัติ

Signature efficiency and style

Engineered for the highest levels of durability and safety, this reliable series of sliding gate openers features an elegant industrial design born in Italy. Ideal for both residential and commercial use, SLY gate operators are built for gates weighing up to 300, 500, or 1000 kilograms.

Ultimate dependability

SLY Series motors all feature heavy-duty wormgear drive systems for years of strong, quiet performance.

Technical specifications

Power supply	230 V
Absorbed power	480 W
Absorbed current	2.1 A
Torque	12 Nm
Motor rotation speed	1.400 rpm
Thermal overload protection	140°C
Capacitor	16 uf
Working temperature range	-20°C + 55°C
Max gate weight	1000 kg
Gate speed	11.5m/min
Protection class	IP 44
Dimensions	270x195x265 mm
